### GLEICHEN, ALBERTA, WEDNESDAY

**CANADIAN WHEAT  
GRADING OBSOLETE**  
Major Blackford of Edmonton  
should have the support of all West-  
ern Canada in his demand for a new  
system of grading Canadian wheat.  
It is a well known and fully recog-  
nized fact that Canadian grain com-  
panies buy wheat under the present  
grading system, store it in Fort Will-  
iam, put it through the protein test  
and later sell it on a protein basis at  
an advance of as much as 25 cents a  
bushel.

The wheat that Canada is growing  
is a hard as much superior to the  
other wheats as Jersey milk is to  
Boston milk. But by our stupid grad-  
ing methods we sell what is on the  
same basis and at the same price as  
the inferior wheat grown on the  
farm out from the eastern States.

For a man to pick up a handful of  
wheat, feel it and look at it, and then  
say it is number one or number two  
is as ridiculous as for a doctor to  
touch his hand on your neck and  
shoulder, and in an instance tell you  
your blood pressure, your tempera-  
ture and your pulse rate.

This antiquated method belongs to  
the past century. What really  
counts is a wheat in the protein  
content, just as what counts in  
milk is the butterfat content.  
There is a difference between wheat  
and grain, and a difference between  
skimmed milk and cream.  
And there is exactly the same differ-  
ence between rich Canadian wheat  
with high protein content and the  
inferior wheat of other countries.

The extra value of wheat  
should not be paid in money, but in the  
pockets of the speculators and wheat  
farmers. — Vancouver Daily Star.

### PRAIRIES THREE UNDER SALT WATER

At their regular weekly luncheon  
the members of the Round Table list-  
ened to a very interesting address  
from one of their interesting, Stanley  
R. Slipp, says the Calgary Herald.  
Mr. Slipp sketched the early geo-  
logical history of the earth, and then  
the successive stages through which  
the Province of Alberta has passed  
in the dim geological past.  
He pointed out the great periods  
periods, during which various strata  
through which the diamond drill bites  
its way, were built up.

As the strata and sands were carried  
down to the sea from the high lands  
that had not been eroded, the  
sands and heavier materials were  
deposited near the coast to later  
form sandstone. The fine silts were  
carried farther out, to form the  
shales. Where no deposition took  
place, a tenuous silt built up with  
very minute bodies the great masses  
of limestone.

Touching briefly on the origin of  
natural gas and oil, the speaker  
showed how the folding of the strata  
had produced anticlines and syn-  
clines and the conditions favorable  
to the accumulation of gas and oil.  
The lecture was illustrated with  
geological specimens.

### MODERATION LEAGUE WOULD LEAVE GOVERNMENT ALONE

Emphatic denial that the Moderation  
League has presented any peti-  
tions urging changes in the Liquor  
Act of the Provincial government, is  
made by P. V. Coopers, president  
of the Moderation League.  
Mr. Coopers declares that since the  
new law came into force the Moderation  
League has taken the stand that it should be given a fair  
trial and the government should be  
left alone and unhampered to work  
it out. He points out that while mem-  
bers of the Moderation League may  
have introduced petitions to the Leg-  
islature, individually, such petitions  
have not been authorized by the league.

tioned by the League. Any petition  
which may have been introduced into  
the Legislature are unknown to the  
officials of the League except what  
has been stated about them in the  
press, he says.

### Here and There

Viper Valley, a virgin tract of  
land 135 miles from Vancouver, be-  
tween Fort Douglas and Lillooet on  
the Canadian Pacific Railway line, is  
to be the location of a large  
medical sanatorium and hunting  
resort which is to be opened this  
summer by a syndicate of Vancouver  
men.

General conditions on the prairie  
and British Columbia indicate  
that Western Canada is headed for  
a period of real prosperity. Charles  
Harper, general manager of the  
Canadian Pacific Railway, Western  
line, after a period of trial and  
error, states that farmers and  
business men alike have not been so  
optimistic on the prairie in years.

On March 3 a crowd of repre-  
sentative citizens gathered at the Cana-  
dian Pacific Hotel at Vancouver  
to witness the Hon. Lester B. Pearson  
of British Columbia. Forty years  
ago the latter left for his ancestral  
home in Inverness, Scotland, to  
seek his fortune in the Canadian  
West.

During the month of January  
1924, 15,704,000 pounds of refined  
sugar valued at \$900,428 was ex-  
ported from Canada. This was com-  
pared with 19,740,000 pounds valued  
at \$1,488,000 for January 1923. Of the  
total amount of refined sugar ex-  
ported from the United Kingdom  
last 11,760,000 pounds while Sweden  
was second on the list with 2,200,  
000 pounds.

A commission of three professors  
in agriculture will make a survey of  
the province of Ontario to ascertain  
the soils best adapted to the culture  
of tobacco. The commission will  
set under instructions from the  
Minister of Agriculture. Soil tests  
are to be made on various farms  
and also at the government experi-  
mental stations within the tobacco  
districts.

Government statistics show that  
the average wages per month paid  
to farm helpers in the summer of  
1923 over the whole of Canada was  
\$60 for men and \$42 for women.  
The value of board received was  
reckoned at \$23 for men and \$19  
for women. The total received,  
therefore, for wages and board in  
1923, was \$83 per month for men  
and \$61 for women.

At the third triennial conference  
of the National Council of Education  
to be held in Montreal during the  
week of April 5, men famous in  
the world of music will deliver  
addresses which should add to the  
knowledge of the subject. Sir  
Hugh Perry Allen, professor  
of music in the University of Oxford  
and conductor of the Bach Choir at  
London, will speak on "Music as a  
National Discipline."

Ray Andrews Chapman, the fam-  
ous explorer of New York, has  
sailed for the Orient on the Cana-  
dian Pacific liner Empress of Russia  
bound for the Gold Coast where  
he will endeavor to establish a  
definite proof that Ancient Egypt  
was the Mother of Life in Europe  
and America. The Andrews caravan  
include noted scientists, taxider-  
mists, photographers and a motion  
picture cameraman.

With a population of 9,000,000  
Canada has as much foreign trade  
as the United States had with a  
population of 74,000,000. Mining  
production in the Dominion is as  
great as that of the United States  
had \$400,000,000 people while Canada  
manufactures as much as the  
United States with a population of  
50,000,000 inhabitants. Today the  
Canadian per capita export trade  
amounts to \$124 while in the United  
States it is only \$97.

## GLEICHEN NEWS, JANUARY 1904

From Gleichen's First Newspaper "The Gleichen  
Echo"

Requests having frequently been  
made to the Call for items published  
here, fifteen and twenty years ago,  
we have decided to comply with the  
request and in this issue start with  
items published in Gleichen's first  
newspaper in January 1904, from  
"The Gleichen Echo," edited by J.

OSBORN: The double number of the  
Gleichen Echo which was to have ap-  
peared on Thursday, January 4th,  
1904.  
By some unaccountable means the  
number of our paper mysteriously  
disappeared. However, it is the in-  
tention of the editor to reproduce all  
the news possible relating to the  
Christmas festivities. In another col-  
umn will be found an account of the  
Christmas Tree and the young boys  
clerk's ball etc.  
The editor also takes this late op-  
portunity of wishing all the readers of  
The Echo a Happy New Year, and  
also ask for news items to fill those  
columns. With apologies to our  
readers for the non appearance of the  
last number we produce the double  
number of "The Gleichen Echo" for  
New Year's Eve, December 31,  
1903, the first since given by the  
Young Men and Mrs. Dinsmore in  
the Marshall Hall. Owing to the  
short notice of the affair and a heavy  
snow storm a number of guests were  
unable to attend. However about  
sixty people attended and all had a  
good time.

The committee worked hard,  
the hall was nicely decorated and  
the floor was in good shape. Abun-  
dant of music was provided by Miss  
G. Harrison, of Langdon, Messrs. P.  
Ball of Calgary, J. New of Langdon,  
Dave Brown of Quenston and V.  
Marshall of Gleichen. Light refresh-  
ments were served at midnight when  
everyone took advantage of the hall  
in dancing to wish each other a happy  
New Year. The dance broke up about  
4:30 a.m.  
The following is the list of guests:  
Rosenbush: Frank and Miss Ledoux;  
Dave Winkler and wife; Herb Wink-  
ler; J. Cummings and wife; McGill-  
vray; A. Viger; H. Storr; H. Storr;

and Mrs. Murray; Mr. and Mrs. Gries;  
Duchy; Bob Landers; Mrs. Winkler;  
Mr. and Mrs. Winkler; Miss Stone;  
T. McLeod; Miss Service; Miss  
Beatty; G. Osburn; Mr. Jacques; Mrs.

Cerby and all hand written by him at  
the time he was clerk in the Gleichen  
Hotel, built by J. J. Marshall.  
These items and advertisements  
will be of interest to old-timers as it  
not only mentions a lot still in these  
parts but a number who have since  
passed over the great divide.

O'Sullivan; Dr. Holmes; Mr. and Mrs.

## HENDERSON & MALLORY

Owing to the frequency of Farm Fires, the at-  
tention of Farmers is especially drawn to the very low  
rates charged for insurance of grain whilst stored in  
barns or granaries. The result of a year's work is  
clearly swept away in an hour, and every farmer should  
protect himself by carrying a policy with

**The Improved Ford Coupe**  
The Improved Coupe is a lower, roomier car with  
interior refinements and outward appearance that  
inspires the really fine automobile.  
The all-steel body, finished in dark blue with  
nickel-plated radiator shell and lamp trim, and mounted on  
the lower chassis, has given the motoring world a new  
era of distinction.  
The seats and steering column are lower, providing  
greater leg room and an easier riding position. The  
front pillars are narrower, reducing the possibility of  
"blind spots." The doors are wider. There is a one-  
piece windshield, which, with the steel vent, gives im-  
proved ventilation control. A padded panel is provided  
within the car, and the rear deck has been re-designed  
affording greater luggage space.

## TOWN AND DISTRICT

The dragging of Gleichen streets  
has made a wonderful improvement.

Mrs. W. W. Brown had radish and  
lettuce showing above the ground on  
doors last Saturday, March 20th. Can  
you beat this?

A meeting of the U.F.A. will be held  
at 4 o'clock next Friday, March 26th,  
at Shoolie's. A full attendance is  
requested.

On Easter Monday, April 5th,  
dance will be put on in the Gleichen  
Community Hall with special at-  
tractions.

A meeting of the U.F.A. will be held  
at 4 o'clock next Friday after-  
noon, March 26th, at Shoolie's. A  
full attendance is requested.

John F. Miller, eye sight special-  
ist of 404 Underwood Block, Calgary  
will be at the Queen's Hotel in Glei-  
chen on Friday, March 26th. Tell  
your neighbors. Remember the date.  
Come early.

Missionary Sunday will be ob-  
served at the Sunday School on the  
last Sunday of the month. The  
special offering will be taken toward  
the missionary objective of the school.

R. S. McQueen is prepared to help  
you with your garden work. Read his

them in their ad.

On Saturday, April 3rd the W. A.  
of St. Andrew's church, will hold a  
plant sale in W. H. James' hardware  
store and also a sale of home cooking  
Came and bring your friends.

T. H. Beach will sell by public auc-  
tion his entire stock of harness, boots  
and shoes, etc., at his store next Sat-  
urday, March 27th. See his announce-  
ment on last page.

The Gleichen branch of the Cana-  
dian Legion announces a "Vimy Smoker"  
for Friday evening, April 3rd, in the  
Masonic Hall, Gleichen, at 8:00, for  
all men who served in His Majesty's  
forces. A good time is assured.

Mr. and Mrs. John Koefoed re-  
turned to Gleichen on Saturday after  
spending two months visiting their  
daughter in Calgary. Mr. Koefoed  
says he thoroughly enjoyed his vaca-  
tion and is now in fine shape to start  
work on his farm again.

Spring work on the land has been  
general throughout the extreme  
southern part of the province, where  
the weather has been warm and  
spring like for some weeks, and where  
there has been practically no snow  
throughout the winter.

in those early days the boosters of  
Gleichen believed in advertising their  
wants. There is no doubt they re-  
alized the value of advertising for  
did they not advertise that they  
wanted ladies to take to church?

**ITEMS OF NEWS**

Some are going to start breaking  
this week.

Mr. and Mrs. F. Hall were visitors  
in Calgary last week.

D. G. Glenbeck was visiting with  
her parents in Calgary last week end.

Mrs. Brookline is very sick at the  
home of her son-in-law Mr. George  
Horn.

The weekly dance was held at J.  
A. Nordquist's, when quite a large  
crowd attended. There is to be an-  
other on Friday next.

The weather cleared for D. R. Eld-  
er's sale on the 17th, although it did  
not look promising the night before.
